

DIRECTIONS TO CONTRIBUTORS

Acta Biologica Hungarica publishes original works in the field of experimental biology. Manuscripts should be addressed to Dr. Károly Elekes, Editor-in-Chief, *Acta Biologica Hungarica*, H-8237 Tihany, P.O. Box 35, Hungary. Manuscripts should also be submitted in electronic version (Word for Windows), compact disc or as an e-mail attachment (together with electronic versions of the figures) to elekes@tres.blki.hu.

Only original papers will be published and a copy of the Publishing Agreement will be sent to the authors of papers accepted for publication. Manuscripts will be processed only after receiving the signed copy of the agreement.

The manuscripts should not exceed 16 typed pages in general. The manuscripts should be typed double-spaced, on one side of the paper. In order to assure rapid publication, contributors are requested to submit two copies of the manuscript including an abstract (max. 200 words), tables and figures. Figures submitted electronically are preferred in *.jpg or *.tif (min. 600 dpi) formats. Each table should be typed on a separate sheet, numbered and provided with a title. All figures, either photographs or drawings or graphs, should be numbered consecutively. Figure legends should be typed in sequence on a separate sheet. Color plates (micrographs and drawings) will be charged to the authors (EUR 40 per plate).

Papers should be headed with the title of the paper, the names of the authors (male authors use initials, female authors use one given name in full), department, institute and town where the work was performed. A running title, not to exceed 50 letter spaces, should be included on a separate sheet and immediately following the summary 5 keywords must be supplied.

The *full paper* should be divided into the following parts in the order indicated:

1. *Abstracts*
2. *Introduction*
3. *Materials and Methods*
4. *Results*
5. *Discussion*

6. *References*. Papers – the essential ones only – cited in the manuscript should be listed on a separate sheet in alphabetical order according to the first author's surname. The references should be numbered so that each may be referred to in the text by its number only.

Examples:

1. Boas, N. F. (1953) Method for determination of hexosamine in tissue. *J. Biol. Chem.* 204, 553–563.
2. De Duve, C. (1959) Lysosomes, a new group of cytoplasmic particles. In: Hayashi, T. (ed.) *Subcellular Particles*. Ronald Press, New York, pp. 1–72.
3. Umbreit, W. E., Burris, R. H., Stauffer, I. F. (1957) *Manometric Techniques*. Burgess Publishing Co., Minneapolis.

Short communication. Manuscripts, in English, should not exceed 1000 words (4 typed pages) including references. The text of manuscripts containing tables and/or figures must be correspondingly shorter. Abstracts should not exceed 100 words. Text should not be divided into subchapters, such as Introduction, Materials and Methods, etc., but References.
